Remember to note dimensions! This grid is not to scale!

Make sure to indicate:

- Overall dimension of piece
- Finger size
- Shape of shank
- Stone dimensions (diameter, depth, length+width)
- Type of setting (bezel, prong, channel...)
- Fonts to be used
- Areas cut out or extruded

Technical stuff:

- All thicknesses at least 0.8mm
- Engraving/cutouts at least 0.3mm wide, 0.5mm deep
- Prongs are long enough to be used by the setter
